We Can Do It Together...

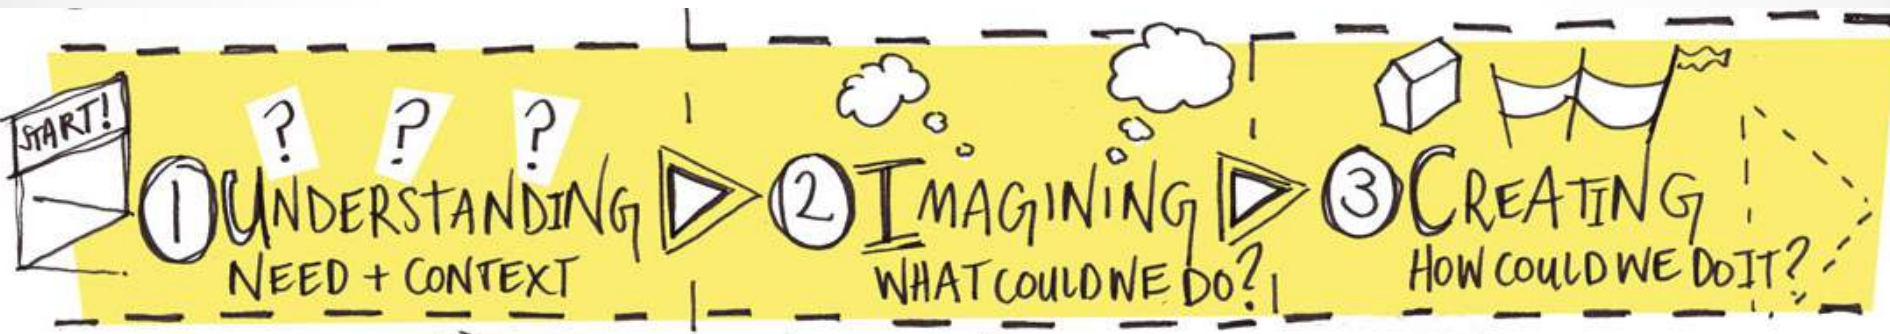

Lets have a design workshop hand to hand working together between UCLG ASPAC – City Government of Surabaya – Civil Society of Surabaya (Academician, Practitioner, Researcher, City Activist, Community, Student, University, Professional Association, etc.).

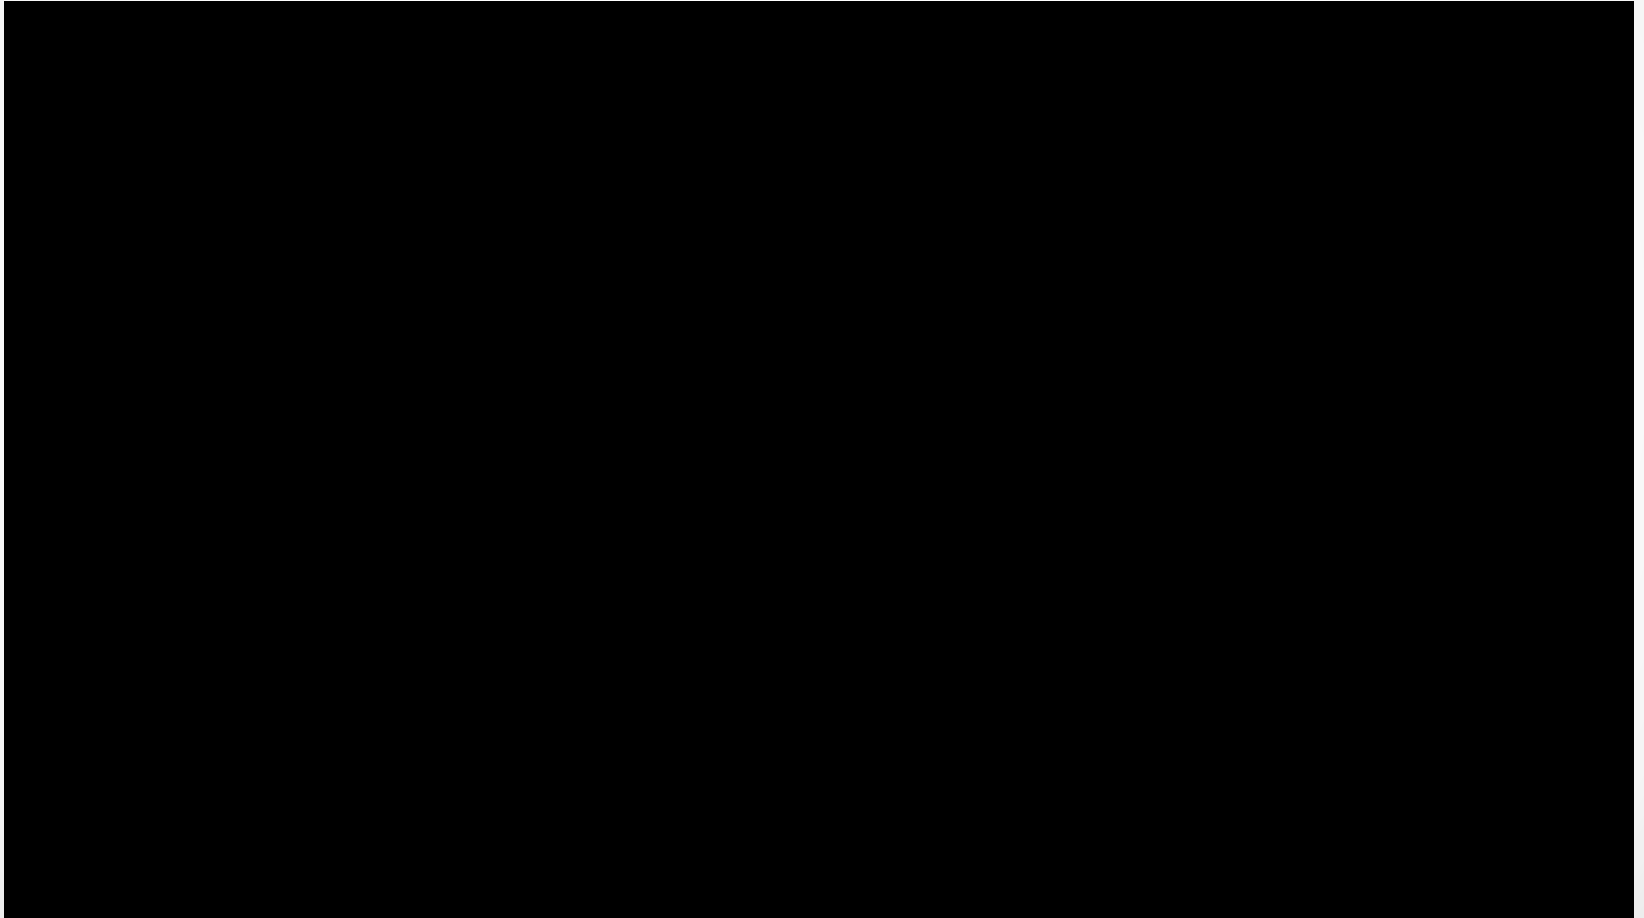

Workshop Design Concept

Workshop Design Concept will use participatory approach to grasp the idea what should we build, base on the need of civil society of Surabaya. The idea is involving all stakeholders during planning process. This will open opportunity to have discussion or brainstorming for all.
